FAMILY & SYSTEMS CONSTELLATIONS WORKSHOP

FRANCESCA MASON BORING

ALL MY RELATIONS CONSTELLATIONS

NOVEMBER 1-3, 2019

SPONSORED BY: NEW ENGLAND CENTER FOR SYSTEMIC CONSTELLATIONS

Expand your awareness of what it means to be fully human, rooted in Spirit; in harmony with your family and your ancestral legacy. Look to your future with greater connection to your place in the world, the water and the land.

This workshop will be held by the integrity of Circle Technology and includes working in a phenomenological way with the support of the Universal Indigenous Field, often referred to as 'the knowing field'. Participants will experience constellation in this workshop, either through their own constellation, standing as a representative, or as a participant holding the space in the Circle.

Increase the flow of love in the family system * Discover which loyalties may interfere with your ability to be available to love * Invite the support of the ancestors to honor the destiny in the family system and go forward in a good way * Find the courage to stand fully in life * Release burdens which are not yours to carry * Welcome Home *
